

Hair, Make-up, and Tights

Hair for Dress Rehearsal and Performances for ages 3-6: Hair is to be styled “half up half down”, a high ponytail with the remainder of the hair flowing down. If your child’s costume has a hairpiece, barrette, or accessory please secure it to the right side of the hair with bobby pins. Some headpieces will require a clear plastic chin strap to secure in place. These are available at craft suppliers. Your teacher will let you know about any specific needs for your class.

Hair for Dress Rehearsal and Performances Levels 1-6: Hair is to be styled in a low bun with a middle part. Overuse of hairspray and bobby pins for a clean look and to prevent fly-aways. For any additional hair piece or accessory information please follow same procedures as listed above.

Here is a helpful video for styling the low bun with middle part:
